Cold therapy application

Cold treatment actually expedites the natural recovery process by improving the healing effects of blood flow to an affected area. This helps to reduce the swelling and pain caused by inflammation and relieves the discomforts associated with:

Joint & muscle injuries / Back & neck pain
Arthritis / Sinus & stress headaches
Post-surgical pain / Sunburn & other burns

Heat therapy application

Heat brings increased blood circulation to an affected area. This helps to relax tight muscles and restore flexibility in a wide variety of ailments such as:

Muscle pain & soreness
Muscle spasms & cramps
Arthritis
Chronic neck or back stiffness
Menstrual cramps

CS-CH-V 680

Non-leaking gel inside

CS-CH-V 1440

ELASTIC GEL FOR MULTI-PURPOSE

This multi-purpose therapy wrap is designed to provide moist heat therapy or soothing cold therapy for relief of minor muscle aches and pains caused by injury, tension or muscle fatigue. The wrap is held comfortably in place with hook and loop type closures, which allow user to move around during therapy.

Recommended size for leg, thigh, knee, ankle, elbow, forehead, shoulder, chest or back.

The elastic gel inside is flat and will not move around with best body comfort. The gel is special, namely non-leaking gel.

Item No.	Material	Size	Weight
CS-CH-V 680	POLYAMIDE	41.6×16.2CM	680G
CS-CH-V 1440	POLYAMIDE	61.5×23.5CM	1440G
CS-CH-V 740	POLYAMIDE	51×28CM	740G

ELASTIC GEL FOR NECK

This multi-purpose therapy wrap is designed to provide moist heat therapy or soothing cold therapy for relief of minor muscle aches and pains caused by injury, tension or muscle fatigue. The wrap is held comfortably in place with hook and loop type closures, which allow user to move around during therapy.

Recommended size for neck & shoulder.

The elastic gel inside is flat and will not move around with best body comfort. The gel is special, namely non-leaking gel.

CS-MH-V 660

MOIST HEAT FOR NECK & SHOULDER

For Moist Heat Therapy: Moist Heat is preferred because of ability to penetrate deeply and more quickly at lower temperatures than dry heat.

Place the product in a clean microwave oven.

We suggest placing the item on a clean microwave-safe plate rather than directly on microwave shelf or turntable.

MOIST HEAT FOR EYE

CS-MH-V 250

For Soothing Cold: Place your product in the freezer overnight and apply as needed.

Because the products deliver a soothing cold, they provide a more comfortable, drier than ice or gel packs. Return the product to the freezer for 3 to 4 hours before reuse.

MOIST HEAT FOR WAIST

For Moist Heat Therapy: Moist Heat is preferred because of ability to penetrate deeply and more quickly at lower temperatures than dry heat.

Place the product in a clean microwave oven.

We suggest placing the item on a clean microwave-safe plate rather than directly on microwave shelf or turntable.

For Soothing Cold: Place your product in the freezer overnight and apply as needed.

Because the products deliver a soothing cold, they provide a more comfortable, drier than ice or gel packs. Return the product to the freezer for 3 to 4 hours before reuse.

CS-MH-V 650

MOIST HEAT FOR BACK&WAIST

For Moist Heat Therapy: Moist Heat is preferred because of ability to penetrate deeply and more quickly at lower temperatures than dry heat.

Place the product in a clean microwave oven.

We suggest placing the item on a clean microwave-safe plate rather than directly on microwave shelf or turntable.

For Soothing Cold: Place your product in the freezer overnight and apply as needed.

Because the products deliver a soothing cold, they provide a more comfortable, drier than ice or gel packs. Return the product to the freezer for 3 to 4 hours before reuse.

HOT PACK

Heat therapy application

Heat brings increased blood circulation to an affected area.

This helps to relax tight muscles and restore flexibility in a wide variety of ailments such as:

Muscle pains & soreness
Muscle spasms & cramps
Arthritis
Chronic neck or back stiffness
Menstrual cramps

Item No.	Material	Size	Weight
CS-HH-III 845	PVC	37.5 × 14.2CM	845G
CS-HH-III 885	PVC	42 × 20.2CM	885G

Instruction:

Fold the metal disc inside the pack, it will start crystallization. When the crystallization is completed, it's ready to use. To recharge, please place hot pack in boiling water with cloth.

Prevent the pack from contacting the bottom of the pot. Heat it about 10 minutes or until the crystal is dissolved. It's reusable.

CS-HH-III 885

HEAT PATCH

It's disposable and easy to provide relief of minor muscular and joint aches and pains associated with over exertion, strains, sprains and arthritis. It will gradually get warm and last for at least 8 hours.

Instruction:

Open the outer pouch and shake gently, leaving the internal pack to react with air. It needs around 30 minutes to reach its therapeutic temperature, use it on the affected area.

COLD & HOT PACK**Heat therapy application**

Heat brings increased blood circulation to an affected area. This helps to relax tight muscles and restore flexibility in a wide variety of ailments such as:

Muscle pain & soreness / Muscle spasms & cramps / Arthritis
Chronic neck or back stiffness / Menstrual cramps

Cold therapy application

Cold treatment actually expedites the natural recovery process by improving the healing effects of blood flow to an affected area. This helps to reduce the swelling and pain caused by inflammation and relieves the discomforts associated with:

Joint & muscle injuries / Back & neck pain / Arthritis / Sinus & stress headaches / Post-surgical pain / Sunburn & other burns

Item No.	Material	Size	Weight
CS-CH-III 60A	PVC	12.5 × 8.5CM	60G
CS-CH-III 60B	PVC	12.5 × 8.5CM	60G
CS-CH-III 60C	PVC	12.5 × 9CM	60G
CS-CH-III 60D	PVC	11.7 × 11.5CM	60G
CS-CH-III 60E	PVC	11.5 × 8.5CM	60G
CS-CH-III 60F	PVC	11.5 × 8.5CM	60G
CS-CH-III 60G	PVC	11.5 × 8.5CM	60G
CS-CH-III 70	PVC	10.5 × 8.5CM	70G
