Transfusion therapy

Gravity blood administration sets

CE ISO FDA

Filtration for various blood IV administration needs.

Features

▶ Sharp spike is easy to puncture.
▶ Plastic spike/metallic spike available.
▶ Vented with hydrophobic bacterial filter.
▶ The ISO standard spike can fit with any blood bags.
▶ Soft and transparent chamber.
▶ Extra soft & kink resistant tubes.
▶ Acute roller clamp.
▶ With 200micron filtration.
▶ Latex free.
▶ Straight and Y type are available.
▶ DEHP free tube is available.

BTS001

● Big chamber with air inlet

BTS002

● Big chamber without air inlet

BTS003

● Blow chamber

Blood bag

CE | ISO | FDA

It is used to collect and preserve whole human blood and blood components in hospital or blood bank.

Features

▶ Our blood bag could not only guarantee high quality of the blood components but also to provide maximum safety during blood donation and sample collection.
▶ The safety needle shield enhances safety against the accidental needle stick injury that can transmit HIV, Hepatitis B and C and other blood borne diseases.
▶ Closed system & reusable blood sampling with vacuum tube.
▶ Label material with pre-cutting line and could not be tear integrated.

BB01/Single
Single blood bag is used for collection of whole human blood. It consists of one bag containing anticoagulant solution CPDA.

BB02/Double
Double bag system consists of one primary bag containing anticoagulant solution CPD/CPDA and one empty satellite bag, for separation of half plasma.

BB03/Triple
Triple bag system consists of one primary bag containing anticoagulant solution CPD/CPDA, one satellite bag containing SAGM preservation solution, and one empty satellite bag. This additive can maintain red blood cell viability, with over 80% of survival rate after 5 weeks of storage.

BB04/Quadruple
Quadruple bag system consists of one primary bag containing anticoagulant solution CPD/CPDA, one satellite bag containing SAGM preservation solution, and two empty satellite bags. The additive SAGM can maintain red blood cell viability, with over 80% of survival rate after 5 weeks of storage.

BB03/Triple

Cord blood bag

CE | ISO | FDA

It is designed to collect the umbilical cord blood (also known as placental blood) after the birth of the baby, within the shortest time and minimal risk of contamination. The clinical use of the cord blood is allergenic transplantation in patients suffering from severe blood diseases such as leukemia, lymphoma, etc.

CBB01

Leukocyte filter

Sampling device & safety needle protector

Optional

▶ Top and top system.
▶ Top and bottom system.
▶ Empty transfer bag.

▶ PALL leukocyte filtration system.
▶ Blood sampling with vacuum tube.
▶ Customization bags.

CATALOGUE CATEGORIES

KB

Infusion therapy

Wide range of a safety way for injection of vein for medication infusion.
- Safety scalp vein set
- Scalp vein set
- Infusion set
- IV burette
- IV cannula
- Safety IV cannula
- IV cannula dressing
- Sterile IV start kit
- Extension tube
- Three way stopcock

Page 1-9

Syringe and needle

A complete range of syringes for injection or harvesting of biological material with safety protection.
- Disposable syringe with needle
- Disposable syringe with safety needle
- Safety syringe
- Safety needle
- Disposable hypodermic needle
- Auto-Disable syringe for fixed-dose immunization
- Pre-filled flush syringe
- Dental needle
- Irrigation needle
- Suture removal Set
- Veterinary needle
- Hard pack syringe

Page 10-21

Hazardous drug safety

Various drug preparation needles for safety drug admixture and disposal of used sharps.
- Aspiration needle with safety shield
- Blunt needle with/without filter
- Curved needle
- Side hole needle
- Needle free system
- Safety box for the disposal of used sharps
- Sharp container
- Endoscope transport pad
- Ultimate sharps safety stations (needle counter)
- Safety medical products for NEEDLE STICK PREVENTION

Page 22-28

Safety medical products

Wide range of safety medical products to protect health care workers against sharps injuries.
- Safety scalp vein set
- Safety IV cannula
- Safety needle
- Safety syringe
- Auto-Disable syringe
- Safety blood collection needle
- Safety blood lancet
- Safety insulin pen needle
- Safety insulin syringe
- Safety fistula needle
- Safety drug preparation needle
- Ultimate sharps safety stations
- Needle free system
- Safety box for the disposal of used sharps
- Sharp container

Page 28

Nutrition therapy

Various components for nutrition therapy which is compliant with the ISO80369-3 to help reduce the risk of misconnections.
- ENFit®syringe
- The ENFit® connector
- ENFit® Feeding set
- Oral syringe
- Irrigation syringe

Page 29-32

Specimen collection

Our safety blood collection system help eliminate accidental needle stick injuries when collection blood sample.
- Blood collection needle
- Safety blood collection needle
- Safety lancet
- Blood collection tube

Page 33-36

Anesthesia & pain management

Wide range of products for subdural, lower thorax and lumbar spinal puncture.
- Spinal needle
- Anesthesia kit
- High pressure manifold
- NRFit™ syringe

Page 37-39

Transfusion therapy

Complete range of safety way to collect, preserve, filtration and administration for human blood and blood components.
- Gravity blood administration sets
- Blood bag
- Cord blood bag

Page 40-42

Urinary care

We provide solutions to help improve patient safety and infection prevention in urinary care.
- Urine drainage bag
- Leg bag
- Urine meter
- Irrigation tray
- Irrigation syringe

Page 43-46

Renal therapy

Innovative, high performance products and services for use in dialysis, provide a basis which targets improved clinical outcomes for the patient, while minimizing costs and risks for the healthcare providers.
- Fistula needle
- Safety fistula needle
- Blood line
- Hemodialysis care kit

Page 47-48

Diabetes care

Complete range of the diabetes needles and the innovative safety insulin syringe offers comfort and easy insulin therapy Injection, also help eliminate accidental needle stick injury.
- Safety insulin syringe
- Insulin syringe
- Insulin pen needle
- Safety insulin pen needle
- Sharp disposal container for insulin pen needle
- Alcohol swab
