ENFit Stepped adapter

We're on the path to safer connections

The ENFit connector reduces the risk of tube feeding misconnections, helping enhance patient safety.
It has a unique enteal-specific design.

- Has a locking feature that secures the safety connection with administration sets and syringes that have ENFit connectors.
- Aligns with global, industry-wide standards specified by ISO and recommended by the FDA.
- Supply you transition adaptor from Enfit to Legacy connector

As a preferred **CONTRACT MANUFACTURE,** we also provide:
